LEADERSHIP & RESPONSIBILITIES

- Led a 4-member team in developing a smart transportation project with live bus tracking.
- Coordinated design tasks during the UI/UX internship project phase.

PROFILE

I'm Abishek A, a Computer Science Engineering student at Jain University and an aspiring UI/UX designer. I'm passionate about creating clean, user-friendly designs and eager to apply my skills through practical industry experience.

WORK EXPERIENCE

UI/UX Design Intern

MAY 2025 - AUG 2025

Infotact Solutions

- Designed and developed user-centered web and mobile interfaces.
- Created wireframes, prototypes, and mockups using Figma.
- Collaborated with developers and project teams to enhance usability and visual consistency.
- Contributed to improving digital experiences through creative design solutions.

Smart Transportation System

E-Pass & Live Bus Tracking

- Developed a web app for generating digital bus e-passes with real-time GPS tracking. Designed an intuitive UI/UX and integrated live location features using HTML, CSS, JavaScript, and Firebase.
- <https://buss-passfinal-chi.vercel.app/>

MUMMY SSS BROOMS

2024 - 2025

Company Portfolio Website

- Designed and developed a responsive company website showcasing the brand's identity, history, and product range through a clean and organized UI layout.
- Implemented interactive features like contact forms and inquiry sections to enhance customer engagement and ensure a seamless experience across all devices.
